Mississippi State Board of Public Contractors

FY20 Budget Narrative

The responsibility for licensing and regulating Mississippi's construction industry is under the authority of the Mississippi State Board of Public Contractors. The agency was created by the Legislature in 1952 to protect the public from irresponsible contractors. The Board strives to be a model regulatory agency working to protect the health, safety and welfare of individuals without being overly burdensome to contractors or a deterrent to business. Protecting the health, safety, and general welfare of all persons dealing with those who are engaged in the vocation of contracting and to afford such persons an effective and practical protection against incompetent, inexperienced, unlawful and fraudulent acts of contractors is the Board's overriding mission.

The agency is constantly working to strengthen expertise in the areas of administrative law, regulatory law and rulemaking to improve the quality of the construction industry and its licensees and establish greater trust and credibility with the public.

The Board requires all contractors to meet minimum qualifications and ensures they adhere to all legal requirements and applicable regulations. The Board also promulgates rules and regulations necessary for implementing and enforcing the licensing laws, and disciplining licensees found in violation of the statute.

The Board is comprised of ten members appointed to staggered terms by the Governor. A five-member residential standing committee oversees residential contractors.

The only budgetary change the Board is requesting is to add approximately \$20,000 for the increases in retirement benefits and health care premiums to be paid by the agency.
